- Notes: (1) Apparent conflict for Peebles who represents both Islamorada and the group.
(2) Tew Cardenas = Roman's former employer I think.
(3) The Furman group is the one who managed to divert \$15M from sewers to FCAA water project - ie. not friendly.
(4) Holland, Silver changed name to Robertson, Monagle, and Eastbaugh.
They've worked very well with our lobbyist in D.C.
(5) Charlie Dudley of Floridian Partners works very well with our lobbyist in Tallahassee.
Robert Reyes of the same firm, not so much.
(6) Cannon is former speaker of house, cannot lobby legislature but can lobby executive branch.
(7) Alcalde & Fay work well with our lobbyist in D.C.
