Good Afternoon Ms. Blank,

The information that appeared in the *Free Press* appears to be a misquote. Please refer to <http://www.klwtd.com/charter-change/> as it contains the most current information available regarding sewer for Cross Key and Manatee Bay.

Sincerely,

Katherine Jackson
District Clerk
Key Largo Wastewater Treatment District
103355 Overseas Hwy
Key Largo, FL 33037
 [\(305\)451-4019 ext. 209](tel:(305)451-4019)

Dear Ms. Jackson,

I read in the Free Press and in the Reporter that the District now estimates the cost of serving Cross Key at \$6 million. A little over a year ago, the District estimated the cost to be \$2 million. This is according to the back-up for item no. M-1 on the 12/15/2015 agenda.

How did estimated cost go from \$2 million to \$6 million? Would you please provide the documentation that supports the \$6 million number?

Thank you,

Margaret Blank
