Dear Bob,

I submitted this public records request to County Clerk, Kevin Madok. I thought it would be wise notify you because I know that you have taken a special interest in the handling of public records at the Clerk's office.

Dear Kevin,

Please email a pdf copy of resolution no. 158-2015 having to do with the second amendment to the Ocean's Edge project. Please also send a copy of that strategic plan that you prepared while you were Monroe County's Strategic Planning Director.

Thanks in advance for your polite, efficient and satisfactory response.

p.s. I also notified Mr. Shillinger of my request. I know how very concerned he is with public records and the Clerk's office.

Best,

Margaret Blank
