Dear Ms. Haag;

Please provide the sources and uses reports for each of the canal demonstration projects.

I'm sure you are familiar with the terminology, however just to make myself perfectly clear:

A sources and uses report would include the total anticipated cost of the projects and the funding sources that will be used to pay for them. Local (sales tax, assessments, property taxes, etc.), state, federal.

Thank you in advance for your prompt response.

Best,

Margaret Blank

Hi Ms. Blank, to confirm, your request is limited to the county's demonstration projects-correct?

Yes, this particular request is limited to the demonstration projects. My understanding is that six of seven have been awarded, and that the seventh will soon be awarded.

Thank you.
